Onderwerp detention of Greenpeace activist Faiza Oulahsen

To whom it may concern,

Regarding the detention of Greenpeace activist Faiza Oulahsen in Russia

Dear Sir/Madame

My name is Eberhard van der Laan and I am Mayor of the City of Amsterdam.

Faiza Oulahsen is a respected, young and bright citizen of Amsterdam. She is committed to environmental issues, international cooperation and social issues and has been active in organisations working in these areas such as the Dutch Green Party, the labour movement and more recently Greenpeace.

I am fully convinced that Faiza Oulahsen will take full responsibility for her actions when called to attend Russian court procedures.

I would therefore recommend that Faiza Oulahsen is granted bail.

Your Sincerely,

Eberhard van der Laan
Mayor of the City of Amsterdam

On behalf of the City Council of Amsterdam
